Ben,

Below is the cost for the additional services needed to put on the performances. It's quite a bit more than our \$400 budget. If we eliminate the stage it's still \$400.

I think we need to re-group on the expenses.

Thank you.

Good morning Lorena,

I met with Manny and went over the plans for the first a third Thursday's events. Following are the items we will provide at each event.

Package includes :

Audio (speakers, mic package with stands, monitors, mixing console) sound technician , Stage (12'x 16') , Back line (drum set, bass rig, guitar amp), Lights, technical coordination.
\$2,500.

Because if liability issues I don't recommend setting up a stage and leaving it there. I hope this works with your budget as it is a very competitive deal.

Marco
